About Me

Hello! I'm Mercy Kabingu, a final-year Software Engineering student at Kirinyaga University, and I'm passionate about creating digital experiences that are both functional and beautiful. I've learned a lot throughout my studies, especially in UI/UX design, web development, and data visualization. I'm skilled in using Figma to design user-friendly interfaces, building websites with HTML, CSS, JavaScript, and React, and turning data into meaningful insights with Power BI. I'm always looking for ways to grow my skills and bring innovative ideas to life, and I'm excited about the opportunity to contribute to real-world projects.

Education

Bachelor of Science in Software Engineering

Kirinyaga University, Kutus

Expected Graduation: September, 2025

Relevant Coursework includes Web Development, UI/UX Design, Data Visualization, Database Management, Software Engineering Practices.

Skills

- **UI/UX Design** - Figma, Wireframing, Prototyping, User Research, Interaction Design, Visual Design
- **Web Development** - HTML, CSS, JavaScript, React, PHP, MySQL
- **Data Visualization** - Power BI
- **Programming** - Python, JavaScript
- **Tools** - Figma, Visual Studio Code, Git, GitHub, Power BI
- **Principles:** Responsive Design, Mobile-first Design, Accessibility, Design Systems
- **Version Control:** Git, GitHub

Extra Skills

- Collaboration and project management
- Problem-solving and critical thinking
- Easy-going communication
